Applicants' "Petition For Revival of an International Application For Patent Designating the United States Abandoned Unintentionally Under 37 CFR 1.137(b)," filed in the above-captioned application on 28 July 2006 is **GRANTED**.

Applicants indicate that the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional, as required by 37 CFR 1.137(b)(3). The appropriate national fee and petition fee have been submitted. A terminal disclaimer is not required as the application was filed on or after 08 June 1995. Accordingly, all requirements under 37 CFR 1.137(b) have been satisfied.

Applicants supplied a declaration of inventorship for the United States under PCT Rule 26ter, however it is not in compliance with 37 CFR 1.497(a)-(b). The declaration appears to have been pieced together from separately executed declarations as each sheet "4/5" lists the same inventors, but each was separately executed. While it is acceptable for inventors to execute separate copies of the declaration, the complete copy of the declaration, as executed by the inventor, must be furnished to the Office. The fee for late filing of the search fee, examination fee or oath or declaration will be charged to deposit account no. 19-1013, as authorized.

This application is being forwarded to the National Stage Processing Branch of the Office of PCT Operations for continued processing in accordance with this decision, including mailing of a Notification of Missing Requirements, indicating that an oath or declaration in compliance with 37 CFR 1.497(a)-(b) is required.
